Investigation Recording

Investigator: Hello, you are Wuhan Tongji Hospital, is that right?

Nurse: Yes.

Investigator: My...my family member wants to have a kidney transplant at your hospital. So I wanted to ask, right now, is it still affected by the pandemic?

Nurse: Well, right now...well, not affected by the pandemic anymore. If you want to do it, you go to...we have a...you can download the Tongji App or go to our hospital's social media account for more information.

Schedule an appointment with one of our doctors before you come.

Investigator: Ah, so if we go...and he has...

Nurse: Yeah, you go make a clinic appointment first.

Investigator: So go...can the patient be admitted when he goes there, and can he receive a surgery soon?

Nurse: You definitely will have to wait. It's not like ...not like there will be a donor after you come. You will need to wait.

Investigator: May I ask, which director I should talk to? Director Wei, Wei Lai, is that right?

Nurse: Which ever professor you see, that professor will be the one doing the surgery for you.Th.

Nurse: Which ever professor you see, that professor will be the one doing the surgery.

Investigator: Then which one...which one is the best? Would you...would you recommend one to me?

Nurse: There's no such thing as the best one here, all of them, all of them are quite good.

Investigator: They are all quite good. Then which doctor should I make an appointment with? Dr. Wei Lai?

Nurse: The doctor you see will be the one doing the surgery. There's no such thing as one doctor, and one only, doing the surgery.

Investigator: Is Dr. Wei Lai still there?

Nurse: Yes, yes.

Investigator: Still there, so I can schedule an appointment with him, right?

Nurse: Yes, right, right. You can schedule his appointment.

Investigator: Because I...you may wonder why I asked about the patients there. Because If you have patients, that means you are still doing transplants. How many cases have you done this month?
