Investigation Recording:

Investigator: It's the First Hospital Affiliated to Suzhou University, isn't? Isn't it?

Nurse: Yes

Investigator: I am a bit anxious now, as my family member is suffering uremia, and needs a kidney transplant.

Nurse: For that you need to register to go to the clinic, register to see Director Wang or Hu Linkun. You can go get type matching first.

Investigator: Ah, that's right.

Nurse: You go register online first.

Investigator: Are there many people waiting in line?

Nurse: This, we... we always have many people waiting in line.

Investigator: Oh, then for us.....

Nurse: But you need to register first.

Investigator: Yes, I know. I just want to confirm that your hospital can do it, so that I will go register tomorrow.

Nurse: Of course our hospital can do it. The patients we have now are all the ones needing kidney transplant. We did it just last night.

Investigator: Okay.

Nurse: You...you...you go register to see Director Hu, or Director Pan, Pan Hao, or Director Wang, Wang Liangliang, any one of them is fine. There is a transplant clinic.

Investigator: Okay. You mentioned Director Wang, that's Wang Liangliang, is that right? Is that right? Pan, eh, it's Pan Hao, right?

Nurse: Wang.....it's Wang Liangliang.

Investigator: Ah, it' him.

Nurse: Right.

Investigator: So, he is.....

Nurse: Well, as you...you...you will find there is a transplant clinic. You decide which director you want see.

Investigator: Oh, they are very good, aren't they?

Nurse: If you have any questions, you can register to see them.

Investigator: How many can they do in a month?

Nurse: This is not fixed. You, ... I...no. Auntie, listen to me, you can go register, because you...this is a telephone call...we now have 40, 50 patients here in the ward, so I.....

Investigator: I see, you can tell me how many can be done in a month, so that I won't worry about the expertise.

Nurse: A few dozens or a few hundred. We have done it all.

Investigator: Okay.

Nurse: Is it fine?

Investigator: Yes, it's fine. Byebye.

Nurse: Alright.
