4. You probably need to prepare about 500,000 rmb yuan.
6. I'll give the number for the doctor's office. Talk to them, these are all up to them to decide.

Investigation Recording

Investigator: Hello, hi!

Nurse: Hello!

Investigator: Hi! It's the Liver Transplant Department of Guizhou Medical College, isn't it? Liver Transplant?

Nurse: Ah, yeah, yeah.

Investigator: Ah, I'd like to ask...since we want to do...I am asking for some information. If we want to go to your hospital for liver transplant surgery, how should we go about it? Which doctor should we register to see? And how do we go there?

Nurse: Register to see Director Zhu Haitao.

Investigator: Ah, Zhu Haitao.

Nurse: Register to see Director Zhu Haitao.

Investigator: Oh, and if we take the patient over, will he be admitted into the hospital? You can do the surgery, can't you?

Nurse: Eh, you register to see a doctor first. I am not sure either. You need to register to see a doctor first. After Director Zhu sees the patient and makes an assessment, then he'll decide.

Investigator: Since I saw that...I checked online, it said your hospital has done many transplants. Is the waiting time very short? The patient can be admitted to the hospital immediately, right? It said that there was a...a patient who needed a liver transplant, and he came on the 13th, and had his transplant done on the 15th. It was very fast.

Nurse: Ah, yeah, yeah.

Investigator: There was such a case, right?

Nurse: Yeah, yeah, yeah. So it depends on that...

Investigator: Oh...

Nurse: This is hard to say. The waiting time could be one week, or one month. The situation is not...not certain.

Investigator: Ah, and now, besides Zhu...Zhu...Zhu Haitao who is a director, is he the only surgeon, or are there others that we can pick?

Nurse: There is also Director Zhou, Zhou Hailong, and both are fine.

Investigator: Ah, only...are they two the only ones doing liver transplant?

Nurse: Ah, ah, right, right, right.

Investigator: Okay, another thing is, how much money do we need to prepare? Approximately how much?

Nurse: Ah, you need to prepare at least 500,000 rmb yuan, that's approximate. I am really not clear about other costs.

Investigator: Oh, okay.

Nurse: I am only telling you an approximate figure, approximate. You register to see Director Zhou, Zhou Weilong.

Investigator: Ah, Zhou Weilong is fine too.

Nurse: Both Zhu Haitao and Director Zhou are fine, they are both fine. This is all up to the doctor, we...

Investigator: Can we find...

nurse: You call this number.

Investigator: Ah.

Nurse: 18...another number.

Investigator: Okay, go ahead.

Nurse: 86774319

Investigator: 86774319

Nurse: Right.

Investigator: Whose...whose number is this?

Nurse: This is the number for the doctor's office.

Investigator: Oh, when to call?

Nurse: You call this number, and ask to talk to this director...doctor...doctor from Transplant. You make the call first, okay?

Investigator: Okay, good, good. I won't take up more of your time. Thanks.

Nurse: Okay.

Investigator: Thanks!

Nurse: Sure.

Investigator: Okay, bye!
